

# SHINGLES

Not the shingles that go *on* the roof - these are the shingles that will drive one *through* the roof! If you or anyone you know has had *herpes zoster*, commonly known as shingles, you know finding relief is truly a blessing. So you can imagine how nice it was to receive this word from Deb Allen: "I was very pleased and a little surprised, but the blend you made for my shingles cleared them up completely."

---

A customer sent this thank you to Marge Clark, who owns Nature's Gift, and was kind enough to forward the note to me. The customer had used the germ fighting blend made by my class at Parkland College for Hurricane Katrina volunteers. In this case, the volunteers included search and rescue dogs! "I have no idea where Parkland College is, nor whether the UAE sent folks into Mississippi as well as Louisiana, but I wanted to thank you....Nice to know that what was donated was appreciated." We use Nature's Gifts for our essential oil kits and supplies for the Parkland College Aromatherapy courses I teach.

---

Pam Kearns, an administrative assistant from Savoy, Illinois, about custom blends I had prepared for her:  
"Regarding the blends, I like them both! One makes me want to sing and puts me in a happy mood and the other one is good for when I am struggling just to function."

Jim Weldy, a FEMA D. Mort Specialist from Havana, Illinois, tracked me down to report that "The mosquito blend worked for the intended use and it was very easy to apply. You won't know if it works unless you try it."
